VOLUSIA ADVANTAGE

ADVANCED MANUFACTURING

More than 450 manufacturers call Volusia County home

Volusia County is home to a wide array of manufacturers that include specialties such as tool-and-die manufacturing, marine and boat manufacturing, aviation and automotive component manufacturing, medical devices manufacturing, food production, electronic component manufacturing and apparel manufacturing just to name a few. These employers enjoy a strong transportation network, convenient access to larger neighboring markets and very competitive wage rates. Training resources are abundant as our multiple colleges and universities frequently develop customized training programs in partnership with local businesses to fulfill their workforce needs.

Sales & Use Tax exemptions for manufacturers.

These exemptions enhance the business climate for manufacturers:

-  Machinery and equipment used by a new or expanding Florida business to manufacture, produce or process personal tangible personal property for sale
-  Labor, parts and materials used in repair of and incorporated into machinery/equipment
-  Electricity used in the manufacturing process
-  Certain boiler fuels (including natural gas) used in the manufacturing process
-  Semiconductor, defense and space technology-based industry transactions involving manufacturing equipment
-  Machinery and equipment used predominantly in research and development
-  Labor component of research and development expenditures
-  Aircraft parts, modification, maintenance, repair or sale/lease of qualified aircraft

ABOUT WAGES.

Among several areas of Florida, Volusia County average manufacturing wages are affordable and lower than Miami, Tallahassee, Tampa, Jacksonville, Orlando and Melbourne.

TRAINING

There are many training resources available to Volusia County manufacturers. Chief among them are training programs offered by Daytona State College Center for Business & Industry; Volusia Manufacturers Association.
